

# Hobart Educational Assessments

## Educational Psychology Testing Service

### In-School Services

- Now offering in-school services by arrangement, within select Hobart schools
- IQ/Cognitive and academic testing for students aged 6-16 years old
- Allows for classroom observations/teacher discussions, as needed
- Convenient option for busy parents and teachers
- Useful for determining eligibility for funding support and identifying specific student needs
- Offering a free consultation with school staff to debrief on the results and establish a practical and effective plan for student success
- Flexible and cost effective assessment options
